

EXAKTA VAREX IIb

THE NEW EXAKTA VAREX IIb has the following additional refinements:

- (a) New slow speed setting knob permitting ease and speed of selection.
- (b) Positive automatic lock for the removal and replacement of the various viewing systems.
- (c) Speeds have been altered to the internationally accepted geometric series, i.e. $\frac{1}{30}$ $\frac{1}{60}$ $\frac{1}{125}$ etc.
- (d) Rewind handle for fast rewind.
- (e) "M" Flash contact is now marked F.P.

in all other respects the IIb is identical to the EXAKTA VAREX IIa, described in the illustrated brochure.
